Call-out Doc against Smoky/SmokyTheUseless.

Document made on 11/12/2024, so if released late, please don't mind.

This document's whole purpose is to educate and spread awareness. Please do not **interact**, or **harass** the user(s) mentioned in this document.

TW/: This document will contain contents such as: **mentions of g0re, abusive relationships, guilt-tripping, gaslighting, mentions of r@pe, S/H, doxing, etc.**

If you are sensitive to these specific topics, you may click off immediately.

Smoky, a 15-16 year old individual, known to be one of the people who had doxed a 16-17 year old, Artur or known as Arturmations.

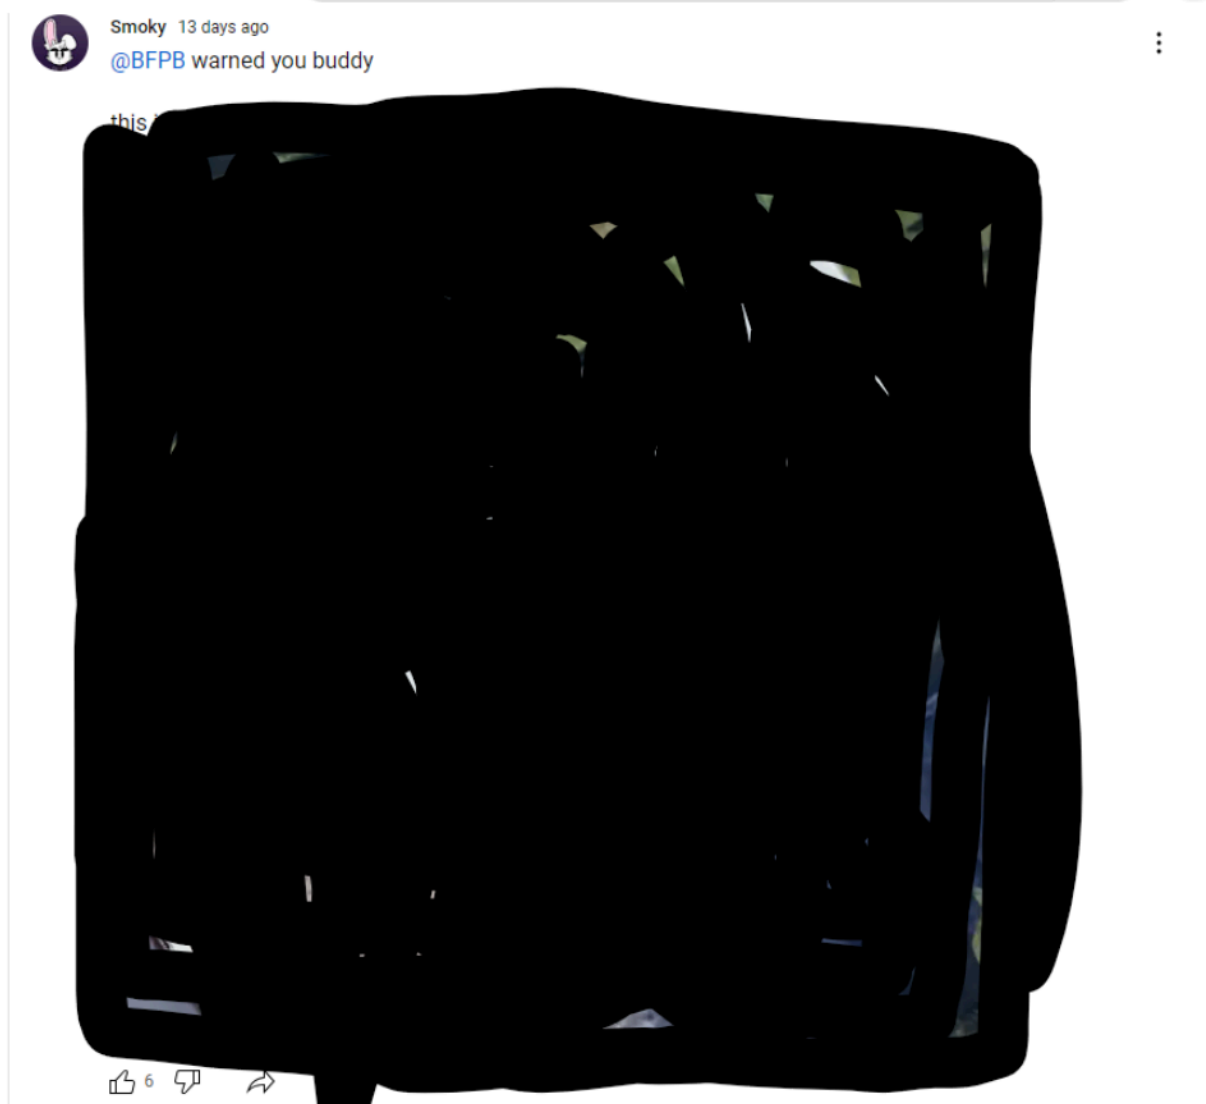

About a month ago, Smoky made a community post in his youtube, a photo of what seems to be Artur's house.

When called out for his behavior, he immediately took it down but made a new community post afterwards.

Note

I am in no way defending Arturmations. Although I do agree that he is disgusting, but I do not justify doxing a minor.

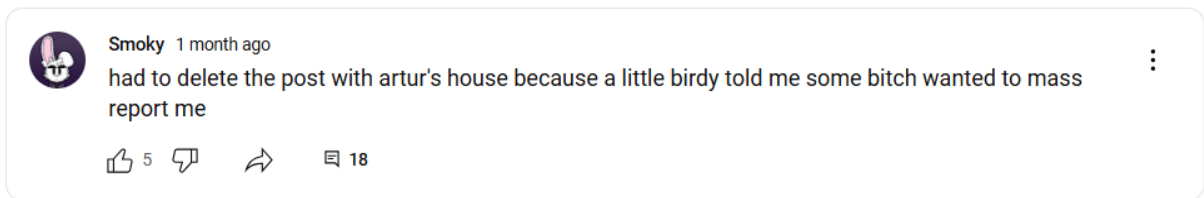

Screenshot(s):

Context: Smoky basically doxing Arturmations, who had commented/interacted with one of his partner's (He was in a poly relationship during this.)

Note: Arturmations was stalking Smoky's partners, but Smoky decided to be extremely immature about it and doxed him. This wasn't the first time he had doxed Artur.

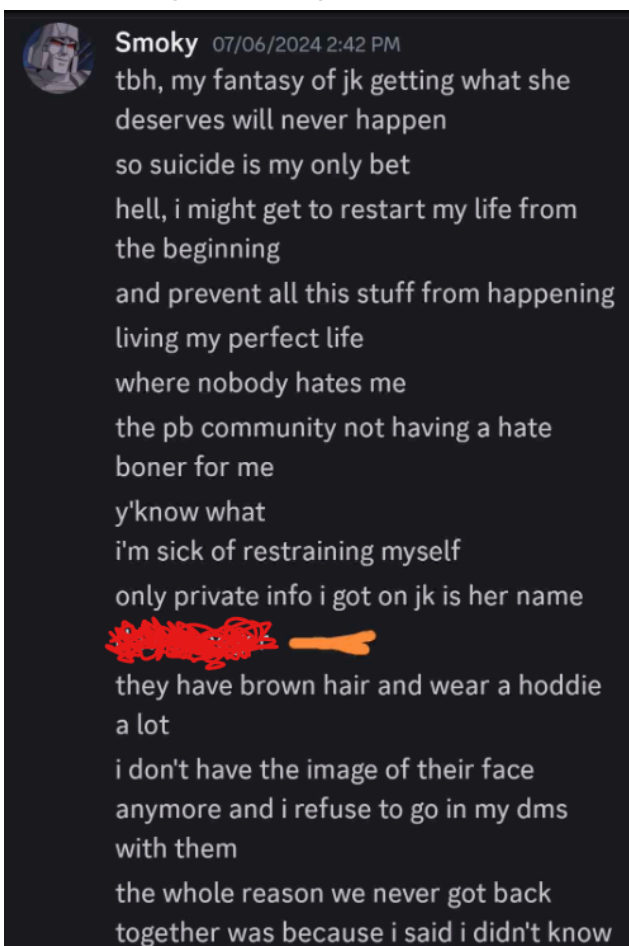

Community post AFTER the image of **Artur's house** post was taken down:

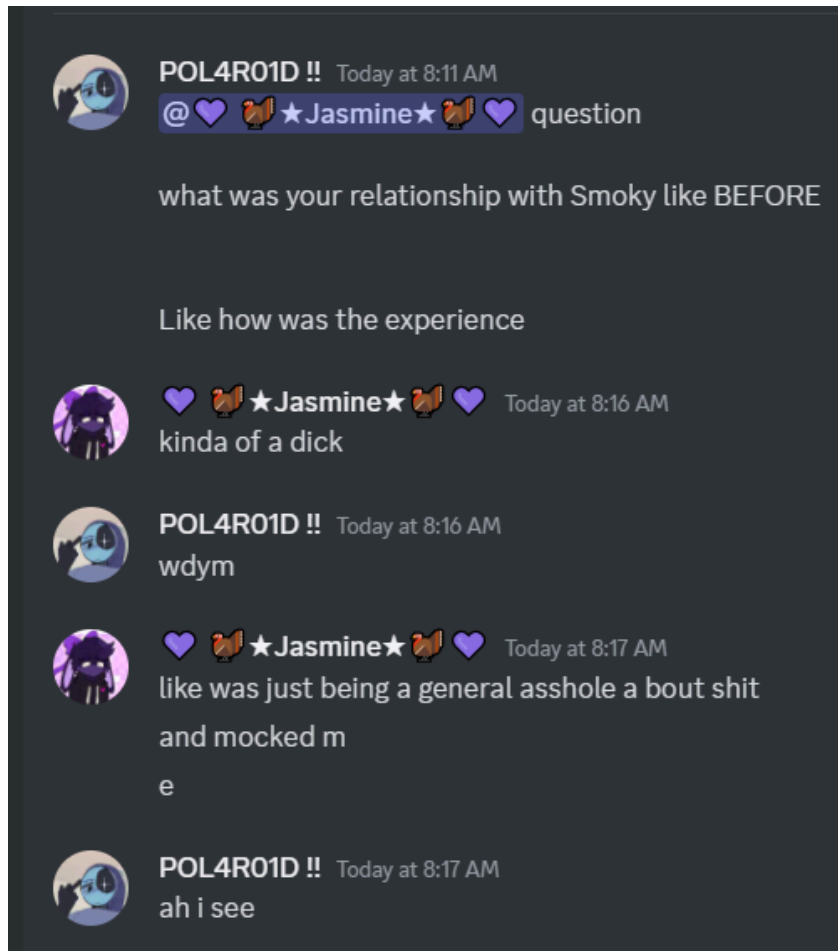

Context: Basically, I asked the members in my discord server to mass-report the Youtube Community post of Smoky doxing Artur.

He's saying 'bitch', referring to **Pola/PolaR01d (Which is me.)**

Him doxing his Ex-girlfriend, **Jasmine/Jasmine Kate.**

I asked **Jasmine** how her relationship with Smoky was when they were still together.

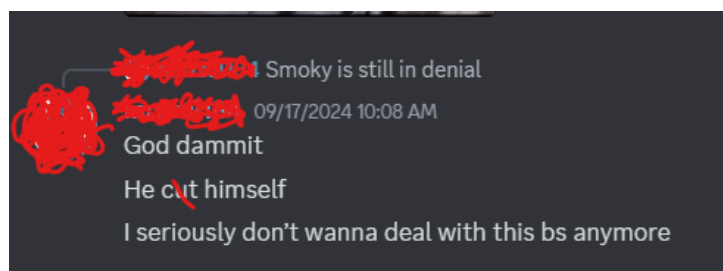

Smoky was never good with relationships.

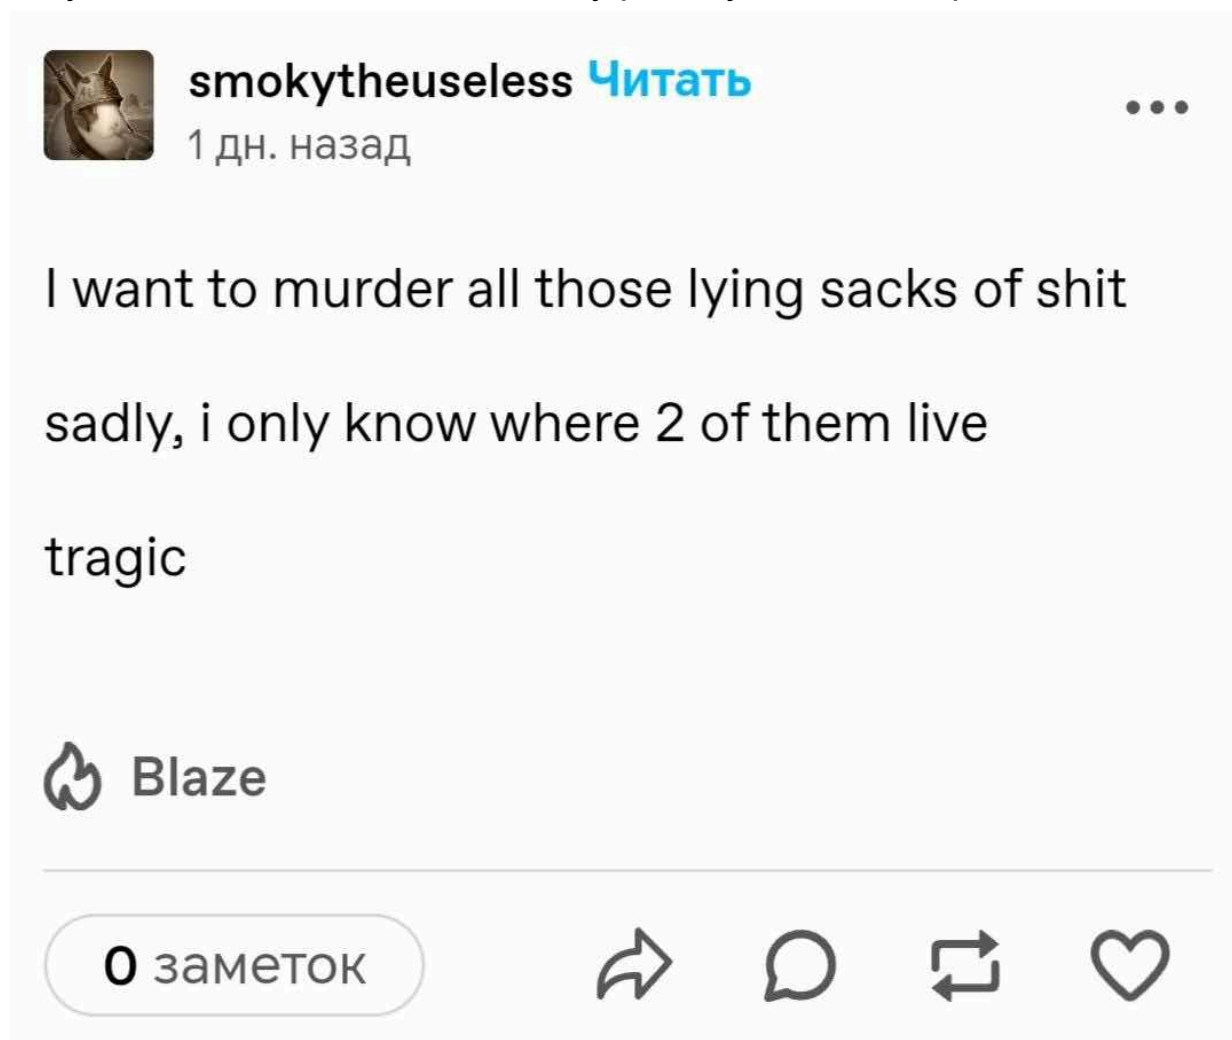

His ex-boyfriend (who I will keep anonymous), vented to my friends, basically discussing about Smoky.

Smoky was being controlling, toxic, manipulative, dramatic, bias, and delusional asf.

When his ex-boyfriend was talking to Smoky about breaking up, Smoky had a breakdown and performed self-harm on himself.

Smoky has a Tumblr, where he usually publicly vents in his posts.

He **threatened** to kill/murder his ex-partners.

But he was stupid enough to share his face to the both of them. So if he tries anything, we won't hesitate to immediately act against him.

In this most recent screenshot, it is Smoky attempting to approach/contact one of his ex-partners, with them even being obviously uncomfortable even interacting with him.

What's even more concerning is the fact that he has most of his viewers supporting his actions (comments were under [this community post.](#)) **Do not attack**

the users shown in the screenshot.

He even encouraged me to draw NFSW of his OC and one of his partner's OC (which I wasn't comfortable with.)

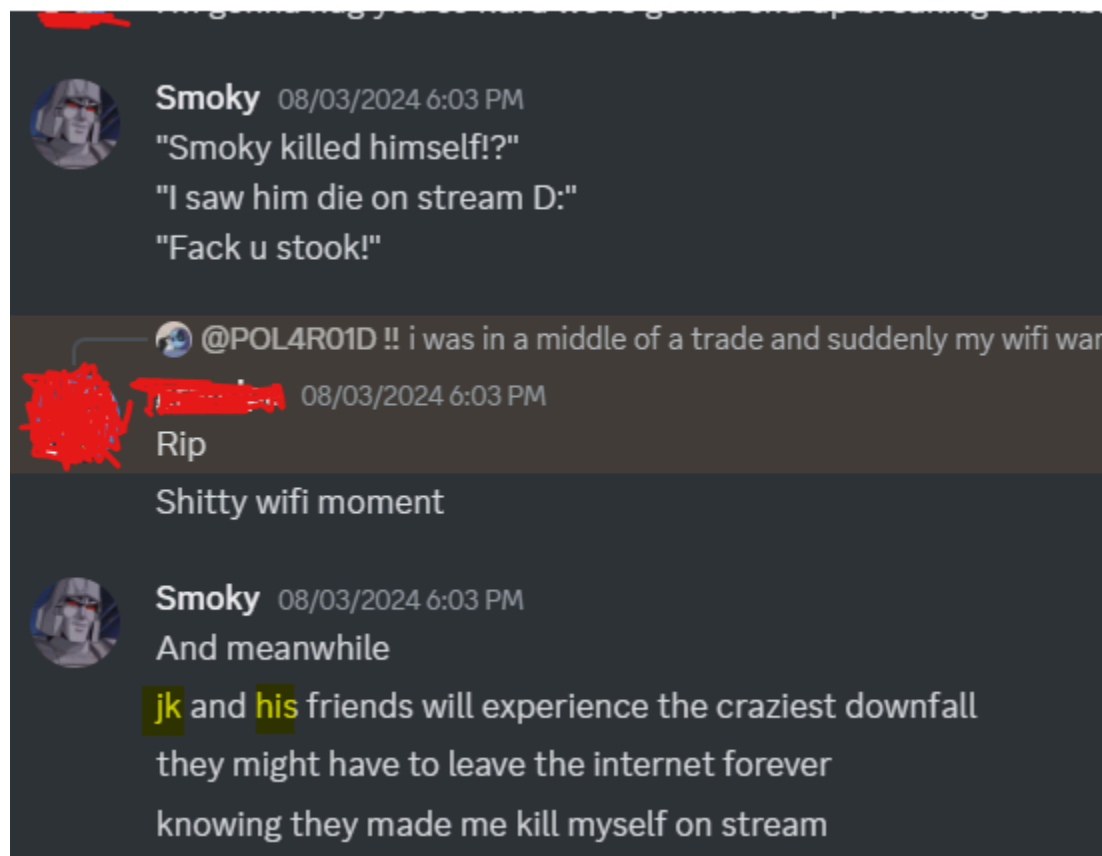

He also said the n-word (as one of his partners had stated.)

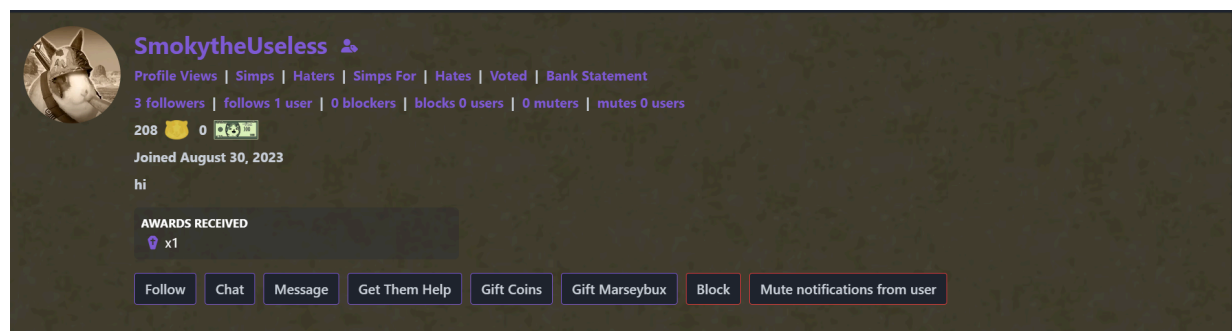

And was a Neo-Nazi.

He also purposefully **misgendered** Jk in a GC we were in right in front of us.

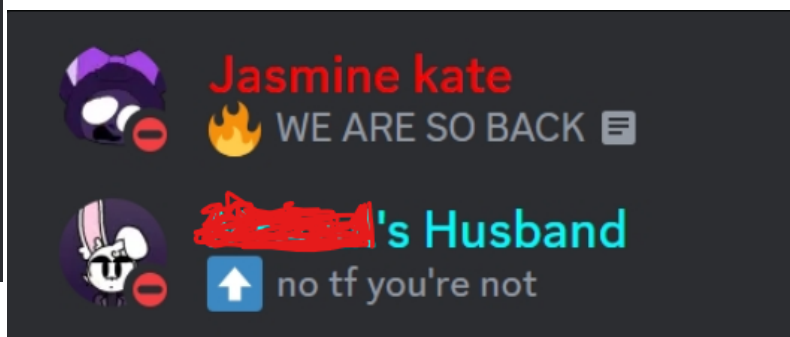

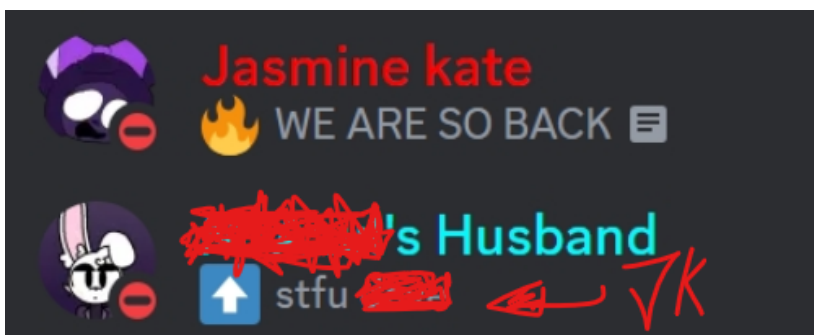

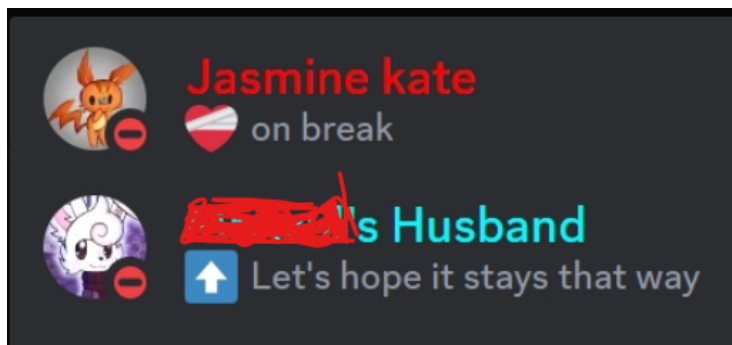

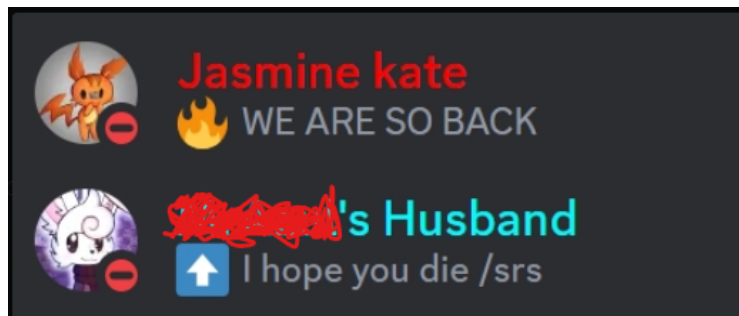

He has a **WPD/WatchPeopleDie** account (WPD is a **gore** website.)

Although yes, the account was made a year ago, it doesn't change the fact about his comments under videos on the website. Most of the comments were mocking the victims in the video, and making offensive jokes.

In a server we were both in, Smoky is shown to be mocking Jk with his discord status.

In the left bottom screenshot, Smoky is shown to be publicly doxing Jasmine, saying her **actual name**.

There are many more things to be covered. But the users that have the evidence don't feel comfortable sharing such information.

But basically, Smoky was making **rape** fantasies of certain people such as people who were connected with Jk.

Thank you:

-**Jasmine Kate**- for helping me gather information for the document.

-**Polaroid**- for existing Imfao
